

Building a Stronger Workforce & Energy Future

The JPI Group's Impact

THE CHALLENGE

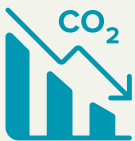

Workforce Gaps –
Industries struggle to find skilled talent.

Project Delays –
Energy projects stall due to workforce shortages.

Disconnected Efforts –
Workforce & energy solutions often lack integration.

Utility Goals –
Meeting carbon reduction & affordability targets can be complex.

Community Impact –
Local talent needs career pathways for long-term success.

OUR SOLUTIONS

Filling Workforce Gaps –
Identifying & training top talent with industry-specific programs.

Keeping Energy Projects on Track –
Skilled local teams prevent costly delays.

Strengthening Workforce & Energy Solutions –
Partnering with non-profits, CBOs & academia.

Delivering Real Community Impact –
Certifying & hiring local talent for long-term success.

Supporting Utilities & Trade Allies –
Helping meet them savings, carbon reduction & affordability goals.

THE POWER OF PARTNERSHIP

COLLABORATION. DATA. IMPACT.

Strong businesses, thriving communities, a sustainable future.
